Elena Rostova

Target: Machine Learning Engineer (Mid-Level) | Exp: 3.5 Years | Degree: Bachelor's Degree

---

Elena Rostova
Email: elena.r@example.com | Chicago, IL

OBJECTIVE

Machine Learning Engineer with 3.5 years of experience developing predictive models u
sing Python, Scikit-Learn, and PyTorch. Seeking to expand into enterprise MLOps.

SKILLS

- Machine Learning, Deep Learning, PyTorch, Scikit-Learn, Pandas, NumPy, Python, SQL
- Data Visualization: Matplotlib, Seaborn
- Tools: Git / Version Control, Docker, Linux, RESTful APIs
- Missing/Learning: Kubernetes, AWS SageMaker, MLOps

EXPERIENCE

ML Developer | FinTech Sol (2021 - Present)

- Built regression and classification models using Scikit-Learn and XGBoost for credi
t scoring.
- Assisted in containerizing inference scripts with Docker.
- Wrote clean Python code with Git version control and participated in Agile sprints.

EDUCATION

- Bachelor's in Computer Science, University of Illinois (2021)
